

Songwriter, live beat maker, singer, guitarist... Steve Heavenstone wears many hats and draws on many styles. His recent release Such Bliss is a funky soul number that pulls you in and soothes your bones.

His distinct style is revealed in bossa nova arrangements of pop songs, chill, hip hop versions of the Beatles and everything in between.

Musicality: good vibes, one man band, covers, chill bossa nova, funk, jazz inspired pop renditions, etc.
